

TISSUE TRACKCORE™

AN MTF VALUE-ADDED SOLUTION

Here's what others are saying about Tissue TrackCore.

"We are totally satisfied with Tissue TrackCore! This application has saved us many hours while managing our human tissues and has removed the stress associated with JCAHO compliance."
**Allen Wolbrink, Business Manager -
Holland Hospital, Holland, MI**

"The easy to use dashboard gives me the comfort of knowing where our tissue is and its status at all times."
**Penny Sabrosky, Clinical Manager & past ASHCSP President -
Hackley Hospital, Muskegon, MI**

"Tissue TrackCore has definitely made tracking our tissue easier. I really like the idea of scanning the tissue from MTF and that all the fields are populated. We love it."
**Martha Larkin, Director of Surgical Services -
Mount Sinai Hospital, Queens, NY**

"The ability for us to use Tissue TrackCore to scan our MTF tissue and self-populate the critical data has eliminated hours of data-entry"
**Alison Scholten RN, BSN, CNOR – Clinical Manager
Perioperative Services, Hackley Hospital, Muskegon, MI**
